Friday, 8/19/2011

Dear Players, Parents, Faculty, and Community members;

Based upon participation numbers for our Football Program, taking in to consideration players that are academically ineligible at this time or injured from other previous activities, St. Regis Schools will field a Junior Varsity squad for our 2011/12 school year. The Tigers will schedule Junior Varsity contests against schools currently on our roster and play them in the Junior Varsity competition. In speaking with other coaches, there is genuine interest in this format. Contest dates will be shared very soon.

We hope to make this a one season solution to a temporary challenge and will re-evaluate the status of the Program in January, 2012. Our Team is currently made up of Juniors or younger players, which leads the current Football Coaching Staff to believe the one year of Junior Varsity will be a great benefit to the future of the Program as we look to bring it back to the Varsity level. We look forward to working with our students to increase the excitement of football, to share the lifetime skills participation imparts, and continue to build interest and participation.

With Best Regards,

Damian S. Droessler
