

1 **St. Regis School District**

2
3 **NONINSTRUCTIONAL OPERATIONS**

8301

4
5 District Safety

6
7 The Board recognizes that safety and health standards should be incorporated into all aspects of
8 the operation of the District. Rules for safety and prevention of accidents will be posted in
9 compliance with the Montana Safety Culture Act and the Montana Safety Act. Injuries and
10 accidents will be reported to the District office.

11
12 The building principal will develop a plan of fire, civil defense, tornado, and earthquake warning,
13 protection, and evacuation. This plan will be distributed to each teacher at the beginning of each
14 school year. There will be at least eight (8) disaster drills a year, four (4) of which will be fire
15 drills. The drills will be held at different hours of the day or evening to avoid distinction between
16 drills and actual disasters.

17
18 The Superintendent will develop safety and health standards which comply with the Montana
19 Safety Culture Act and the Montana Safety Act.
